AMERICAN SOCIETY
OF
LIMNOLOGY AND OCEANOGRAPHY, INC.

Officers and Board of Directors

President: Richard Dugdale, Bigelow Laboratory of Marine Science
Vice-President: Gene E. Likens, Cornell University
Secretary: George W. Saunders, Jr., U.S. Atomic Energy Commission
Treasurer: Alfred M. Beeton, University of Wisconsin-Milwaukee
Past President: Edward S. Deevey, Jr., Florida State Museum
President of Pacific Section: John Tyler, Scripps Institution of Oceanography
Secretary-Treasurer of Pacific Section: C. E. Cushing, Jr., Pacific Northwest Laboratory
Members-at-Large: William G. Pearcy, Oregon State University (1973–1976)
Trevor Platt, Bedford Institute, Dartmouth (1974–1977)
Joseph Shapiro, University of Minnesota (1975–1978)

LIMNOLOGY AND OCEANOGRAPHY

Limnology and Oceanography is a journal published bimonthly (Jan, Mar, May, Jul, Sep, Nov) at Lawrence, Kansas, by the American Society of Limnology and Oceanography, Inc.

Editor
Yvette H. Edmondson (1974–1977)

Editorial Associate
Raelyn Cole

Editorial Board

Everett J. Fee, Freshwater Institute, Winnipeg (1973–1976)
G. Wolfgang Fuhs, New York State Department of Health, Albany (1973–1976)
David W. Schindler, Freshwater Institute, Winnipeg (1973–1976)
Raymond W. Sheldon, Bedford Institute, Dartmouth (1973–1976)
Werner Stumm, EAWAG, Zurich (1973–1976)
Edward Goldberg, Scripps Institution of Oceanography (1974–1977)
Alexander Horne, University of California, Berkeley (1974–1977)
Clifford H. Mortimer, University of Wisconsin-Milwaukee (1974–1977)
John M. Sieburth, Narragansett Marine Laboratory, Kingston (1974–1977)
Patrick Brezonik, University of Florida, Gainesville (1975–1978)
Bruce Frost, University of Washington (1975–1978)
M. Grant Gross, The Johns Hopkins University (1975–1978)
James McCarthy, Harvard University (1975–1978)

Membership in the Society is open to persons actively interested in any aspect of limnology or oceanography. Candidates for membership shall be nominated by two active members. Annual dues are $15.00; student members, $10.00 (3-yr limit); associate members, $1.00. The subscription rate to Limnology and Oceanography for libraries and nonmembers is $20.00 per year. Delivery to foreign addresses cannot be guaranteed unless airmail postage is prepaid ($15.00 per year). Remittances from countries other than the United States must be paid in U.S. currency or its full equivalent. Please address correspondence as follows:

Manuscripts, corrected proofs, editorial matters: Dr. Yvette H. Edmondson, Editor, Department of Zoology NJ-15, University of Washington, Seattle 98195.

Memberships, general information: Dr. George W. Saunders, Jr., Secretary, P.O. Box 853, Gaithersburg, Maryland 20760.

Subscriptions, changes of address, missing issues, single and back issues ($5.00 each v. 1–13; $4.00 each v. 14–20; $5.00 for v. 16 No. 2), *payment for reprints, release of copyright:* Dr. Alfred M. Beeton, Treasurer, Department of Zoology, University of Wisconsin at Milwaukee 53211.

Reprint orders: Allen Press, Inc., Lawrence, Kansas 66044.

© Copyright, 1975, by the American Society of Limnology and Oceanography, Inc.

Known office of publication: Department of Zoology, University of Wisconsin at Milwaukee 53211.

Second-class postage paid at Milwaukee, Wisconsin 53211 and at additional mailing office.

TABLE OF CONTENTS

Volume 20, 1975

Number 1, January

Paerl, Hans W., Robert C. Richards, Robert L. Leonard, and Charles R. Goldman. Seasonal nitrate cycling as evidence for complete vertical mixing in Lake Tahoe, California-Nevada 1

Malone, T. C., C. Garside, K. C. Haines, and O. A. Roels. Nitrate uptake and growth of *Chaetoceros* sp. in large outdoor continuous cultures 9

North, Barbara B. Primary amines in California coastal waters: Utilization by phytoplankton 20

Dillon, P. J. The phosphorus budget of Cameron Lake, Ontario: The importance of flushing rate to the degree of eutrophy of lakes 28

Walker, K. F. The seasonal phytoplankton cycles of two saline lakes in central Washington 40

McLachlan, A. J. The role of aquatic macrophytes in the recovery of the benthic fauna of a tropical lake after a dry phase 54

Gunnison, Douglas, and Martin Alexander. Resistance and susceptibility of algae to decomposition by natural microbial communities 64

Boon, John D. III. Tidal discharge asymmetry in a salt marsh drainage system 71

Gardner, Leonard Robert. Runoff from an intertidal marsh during tidal exposure—recession curves and chemical characteristics 81

Huyer, A., R. D. Pillsbury, and R. L. Smith. Seasonal variation of the alongshore velocity field over the continental shelf off Oregon 90

Elder, John F. Complexation side reactions involving trace metals in natural water systems 96

Notes

Skirrow, G., and M. Whitfield. The effect of increases in the atmospheric carbon dioxide content on the carbonate ion concentration of surface ocean water at 25°C 103

Bennett, John R. Another explanation of the observed cyclonic circulation of large lakes 108

Timms, B. V. Morphometric control of variation in annual heat budgets 110

Hsu, S. A. Wind stress on nearshore and lagoonal waters of a tropical island 113

Codispoti, L. A., and T. G. Owens. Nutrient transports through Lancaster Sound in relation to the Arctic Ocean's reactive silicate budget and the outflow of Bering Strait waters 115

Gallagher, John L. The significance of the surface film in salt marsh plankton metabolism 120

de la Cruz, Armando A., and William E. Poe. Amino acids in salt marsh detritus 124

Coughenower, D. Douglas, and Herbert C. Curl, Jr. An automated technique for total dissolved free amino acids in seawater 128

Liddicoat, M. I., Susan Tibbitts, and E. I. Butler. The determination of ammonia in seawater 131

Bassin, N. Jay. Suspended marine clay mineral identification by scanning electron microscopy and energy-dispersive X-ray analysis 133

Berg, Walter W., Jr., Peter Fleischer, Gary R. Freitag, and Emmett L. Bryant. A continuous, turbidity monitoring system for coastal surface waters .. 137

Monahan, Edward C., Bruce J. Higgins, and G. Thomas Kaye. A comparison of vertical drift-envelopes to conventional drift-bottles 141

Comment

Bishop, John W., and John P. Barlow. Phosphorus release by zooplankton 148
